

To View Videos

- Click on “Start here to view free and subscription videos!”. You will get a list of videos you can view for free, video you can buy and videos you have already brought.
- Clicking on the free view video will start the video.
- Clicking on a video you have brought will start the video.
- Clicking on a video you have not bought will take you to the buy screen.

Users with subscription and www.LearnersCloud.com

- If you have a subscription at www.learnersCloud.com you will be able to access your videos on this device by clicking on “Login”
- At the login screen, enter your email address and password provided when you registered at learnersCloud.com. If you have an ongoing subscription you have paid for, you should now be able to access your videos on this device.

Transferring your subscriptions to another device

- When you buy a video clip we ask you to supply your email address and password so that we can identify you when you need to use your subscriptions on another ios device. Providing these details is not compulsory. But we advise you provide it as that is the only way we can identify your subscription and deliver it to the new device.
- From the new device, download this app. Click on “Transfer my subscription to this device”. You will be asked for your username and password. If authentication is successful you should see all you subscribed videos again.

If you have any problems or any clarification, click on “Report Problem” and the “Free and Subscription videos” screen to send us an email. Or alternatively email us at support@learnersCloud.com.
